

# SUHAIB GHAZI

## ABOUT ME

Passionate Computer Science graduate from Soran University with hands-on experience in Full-Stack Web and Mobile Application Development. Proficient in modern JavaScript ecosystems (React.js, Node.js) and database management (Supabase, Firebase). Demonstrated ability to build scalable, user-centric applications from concept to deployment. Eager to leverage my coding skills and problem-solving mindset in a Software Developer or Front-End/Back-End role.
